Kevin Cresswell

My Name is Kevin Cresswell

I am 50 years old Managing Director of Movement sound and lighting limited

Have been managing director for 24 years

I live in Woodlands in the New Forest

Have 30 spaces at Glasgow airport and think I would be an instrumental part of the committee especially after my dealings with Whittaker, Almond and Ballard and will bring the interests of the investors to the committee and my knowledge

Douglas Smith

I am putting myself forward for the Creditors Committee, Firstly because I am a creditor and secondly like all of us, I care that the best solution to the current issues, are found, and are in the best interest of the creditors. I have served previously on a creditors committee, because like a lot of us, we where sold these investments as part of the new found pensions Freedom, however we all ended up in the same mess, being mislead about how great an investment and the superb returns.

If you would like me to serve, what I offer is the ability to listen, keep my head screwed on and to make sure as much as I can that the outcome from this administration, is the best that we as investors can achieve.

I am writing to express my interest in being a member of one or more of the creditors' committees. I have investments in Park First Glasgow and feel I could contribute meaningfully to the work of the Administrator impartially but with constructive challenge.

I worked in investment banking and capital markets for 15 years followed by a period of consultancy and principal investing. I specialise in corporate finance, strategy and trade and insurance dispute resolution and have a good understanding of financial markets and instruments. I have resolved many disputes and claims for clients since I graduated in law and became involved in arbitration.

I sit on the Charity Tribunal and decide appeals against decisions made by the Charity Commission as well as references from the Attorney General. I also sit in the Central London Magistrates' Courts and on appeals at Crown Courts. Previously, I sat on the panel which heard Licensing Appeals against decisions of Westminster City Council. I sit on the Finance Committee of a charity where I contribute to all matters financial including reviewing management accounts, performance metrics, investments and making recommendations to the Trustees (Board) on financial operations and statutory accounts.

William Anthony O'Leary

I am a recently retired, chartered civil engineer having worked in the UK and abroad for over 30 years. My wife and I own 5 car parking spaces at Glasgow Airport worth an estimated £100,000. My main motivation for joining a committee is to ensure that the Administrators deliver the best possible outcome for our spaces and those of other investors who have interests in Glasgow Airport. We hope to be able to pass on our spaces to our children so my over-arching aim is in thinking long-term. We are not overly concerned that we have not received any dividends for the past 3 years but I would like to make sure that our spaces, and those of other investors like us, are managed in an efficient and transparent way for the foreseeable future.

Trevor Beard
